

We are

clarvida®

We focus on delivering effective care and meaningful results through personalized support for clients and families.

ABOUT CLARVIDA OF PENNSYLVANIA

Clarvida of Pennsylvania offers a wide range of compassionate and evidence-based services to support clients and families across the lifetime. Our team of licensed clinicians and therapists, behavioral specialists, and direct care partners work throughout communities, homes, schools, and clinical settings to deliver personalized care that meets your goals.

Together, we create a treatment plan that fits your family and supports progress at every step.

OUR KEY SERVICES IN PENNSYLVANIA

Depending on your county and program availability, services may include:

Counseling & Therapy

Behavioral and mental health care for both children and adults, provided by experience clinicians and care teams members.

Psychiatric Services

Integrated psychiatric care for children and adults, delivered by qualified qualified psychiatrists can Certified Registered Nurse Practitioners.

Child & Family Services

Family-centered programs that strengthen relationships, promote child safety, and support healthy family functioning.

Autism Services

Comprehensive, evidence-based behavioral support for clients with autism, delivered by trained professionals in home and school settings.

Intellectual & Developmental Disabilities

Small supported-living homes and community-based day programs providing daily care, nursing support, and community engagement for clients with intellectual and developmental disabilities.

Get started online

We operate across the state and serve clients throughout Pennsylvania. Visit our [Find a Location](#) page to find the clinic nearest you. Explore our [services](#) page to learn more about our services. To request services, you can fill out our [Request Services Form](#) or contact your local clinic. A team member will follow up with next steps.

Clarvida provides care through qualified, licensed medical and clinical professionals, including clinicians, therapists, and when appropriate, psychiatric teams made up of licensed medical staff.

I've been getting therapy and seeing a psychiatrist here for a while. Great place. They always make sure I get what I need and understand what

Clarvida can help with.

INSURANCE & PAYMENT

Who will pay for services?

We accept a wide range of insurance plans, including private/commercial coverage and state funded programs such as Medicaid and Medicare. However, acceptance varies by location, **so please call your local Clarvida clinic to confirm whether your plan is accepted.**

Will Clarvida verify my insurance benefits?

Yes, our team can help verify benefits and explain what your plan covers before services begin. This is so you can better understand what's included and what out-of-pocket costs may apply (if any). Because benefits vary by plan, coverage differs from one policy to another. Call us, we're happy to walk you through your options.

What if I'm worried about affordability?

Some locations can serve clients regardless of ability to pay and may offer a sliding fee schedule or discounts for those who qualify (program rules vary by location). Ask your local Clarvida clinic about options.

Getting Started and Appointments

How do I set up an appointment?

1. Find a location and explore available services in your county.
2. Contact the clinic near you to inquire about services and get answers to your initial questions.
3. You may also request services by completing the [online inquiry form](#) on our website.
4. Our team will guide you through the next steps including scheduling your appointment, what to expect, and what to bring.

What should I expect during my first visit?

Your first visit typically focuses on understanding what you're experiencing, what support you're looking for, and which services may be the best fit. If psychiatric services are part of your care plan, your provider may discuss treatment options, including medication support when needed.

Do you offer Telehealth?

Telehealth may be available depending on your location and program. Please contact your local Clarvida clinic to confirm.

Find a location near you and request services. Our team will help you with scheduling, next steps, and insurance questions.
