

**Delivering compassionate, high-quality outpatient mental health care for individuals of all ages, focused on safety and well-being.**

## Outpatient Services

Individual therapy and medication management in person or by telehealth.

## Community-Based Services

Intensive Behavioral Health Services (IBHS), Adult Autism Waiver (AAW), Behavioral Consultation & Intervention Services (BCIS).

## Intensive Behavioral Health Services (IBHS)

IBHS provides skill-building and behavioral support for children with behavioral health needs. Services are delivered in home, school, and community settings.

## Adult Autism Waiver (AAW)

Clarvida is an approved provider under the Pennsylvania Adult Autism Waiver. Services support community living for eligible adults age 21 and older with autism.

## Behavioral Consultation and Intervention Services (BCIS)

BCIS offers targeted consultation and support for clients, families, schools, and service providers. Services are tailored to each setting to promote skill development and success.

## Site-Based Service

Crossroads is a site-based program serving children and adolescents ages 5–21 with autism. The program focuses on social skill development in a structured clinical setting.

## Trauma-Informed Services

Clarvida provides trauma-informed services through a workforce trained to understand the impact of trauma on individuals and communities and to create safe, trustworthy, and empowering environments that avoid re-traumatization.
